The first time Caleb landed in Hawaii was in the summer of 2017. He had a solid plan: island hop while taking photographs for his freelance portfolio.

As luck would have it, however, the first photograph he took was of Gabe, who was then doing a medical mission in the tropical country. And just like that, it was Caleb who accidentally got captured. He spent most of his time in Hawaii during that trip just getting to know Gabe.

Needless to say, Caleb's photography portfolio lay forgotten.

As a peace offering for that unfinished portfolio, Gabe proposed another voyage to Hawaii in 2020. Of all the places in the world, they found each other there. So yes, a return trip was definitely the right thing to do.

Wondering how to prepare?

WE'RE WITH YOU.

How should I prepare for the overseas travel?

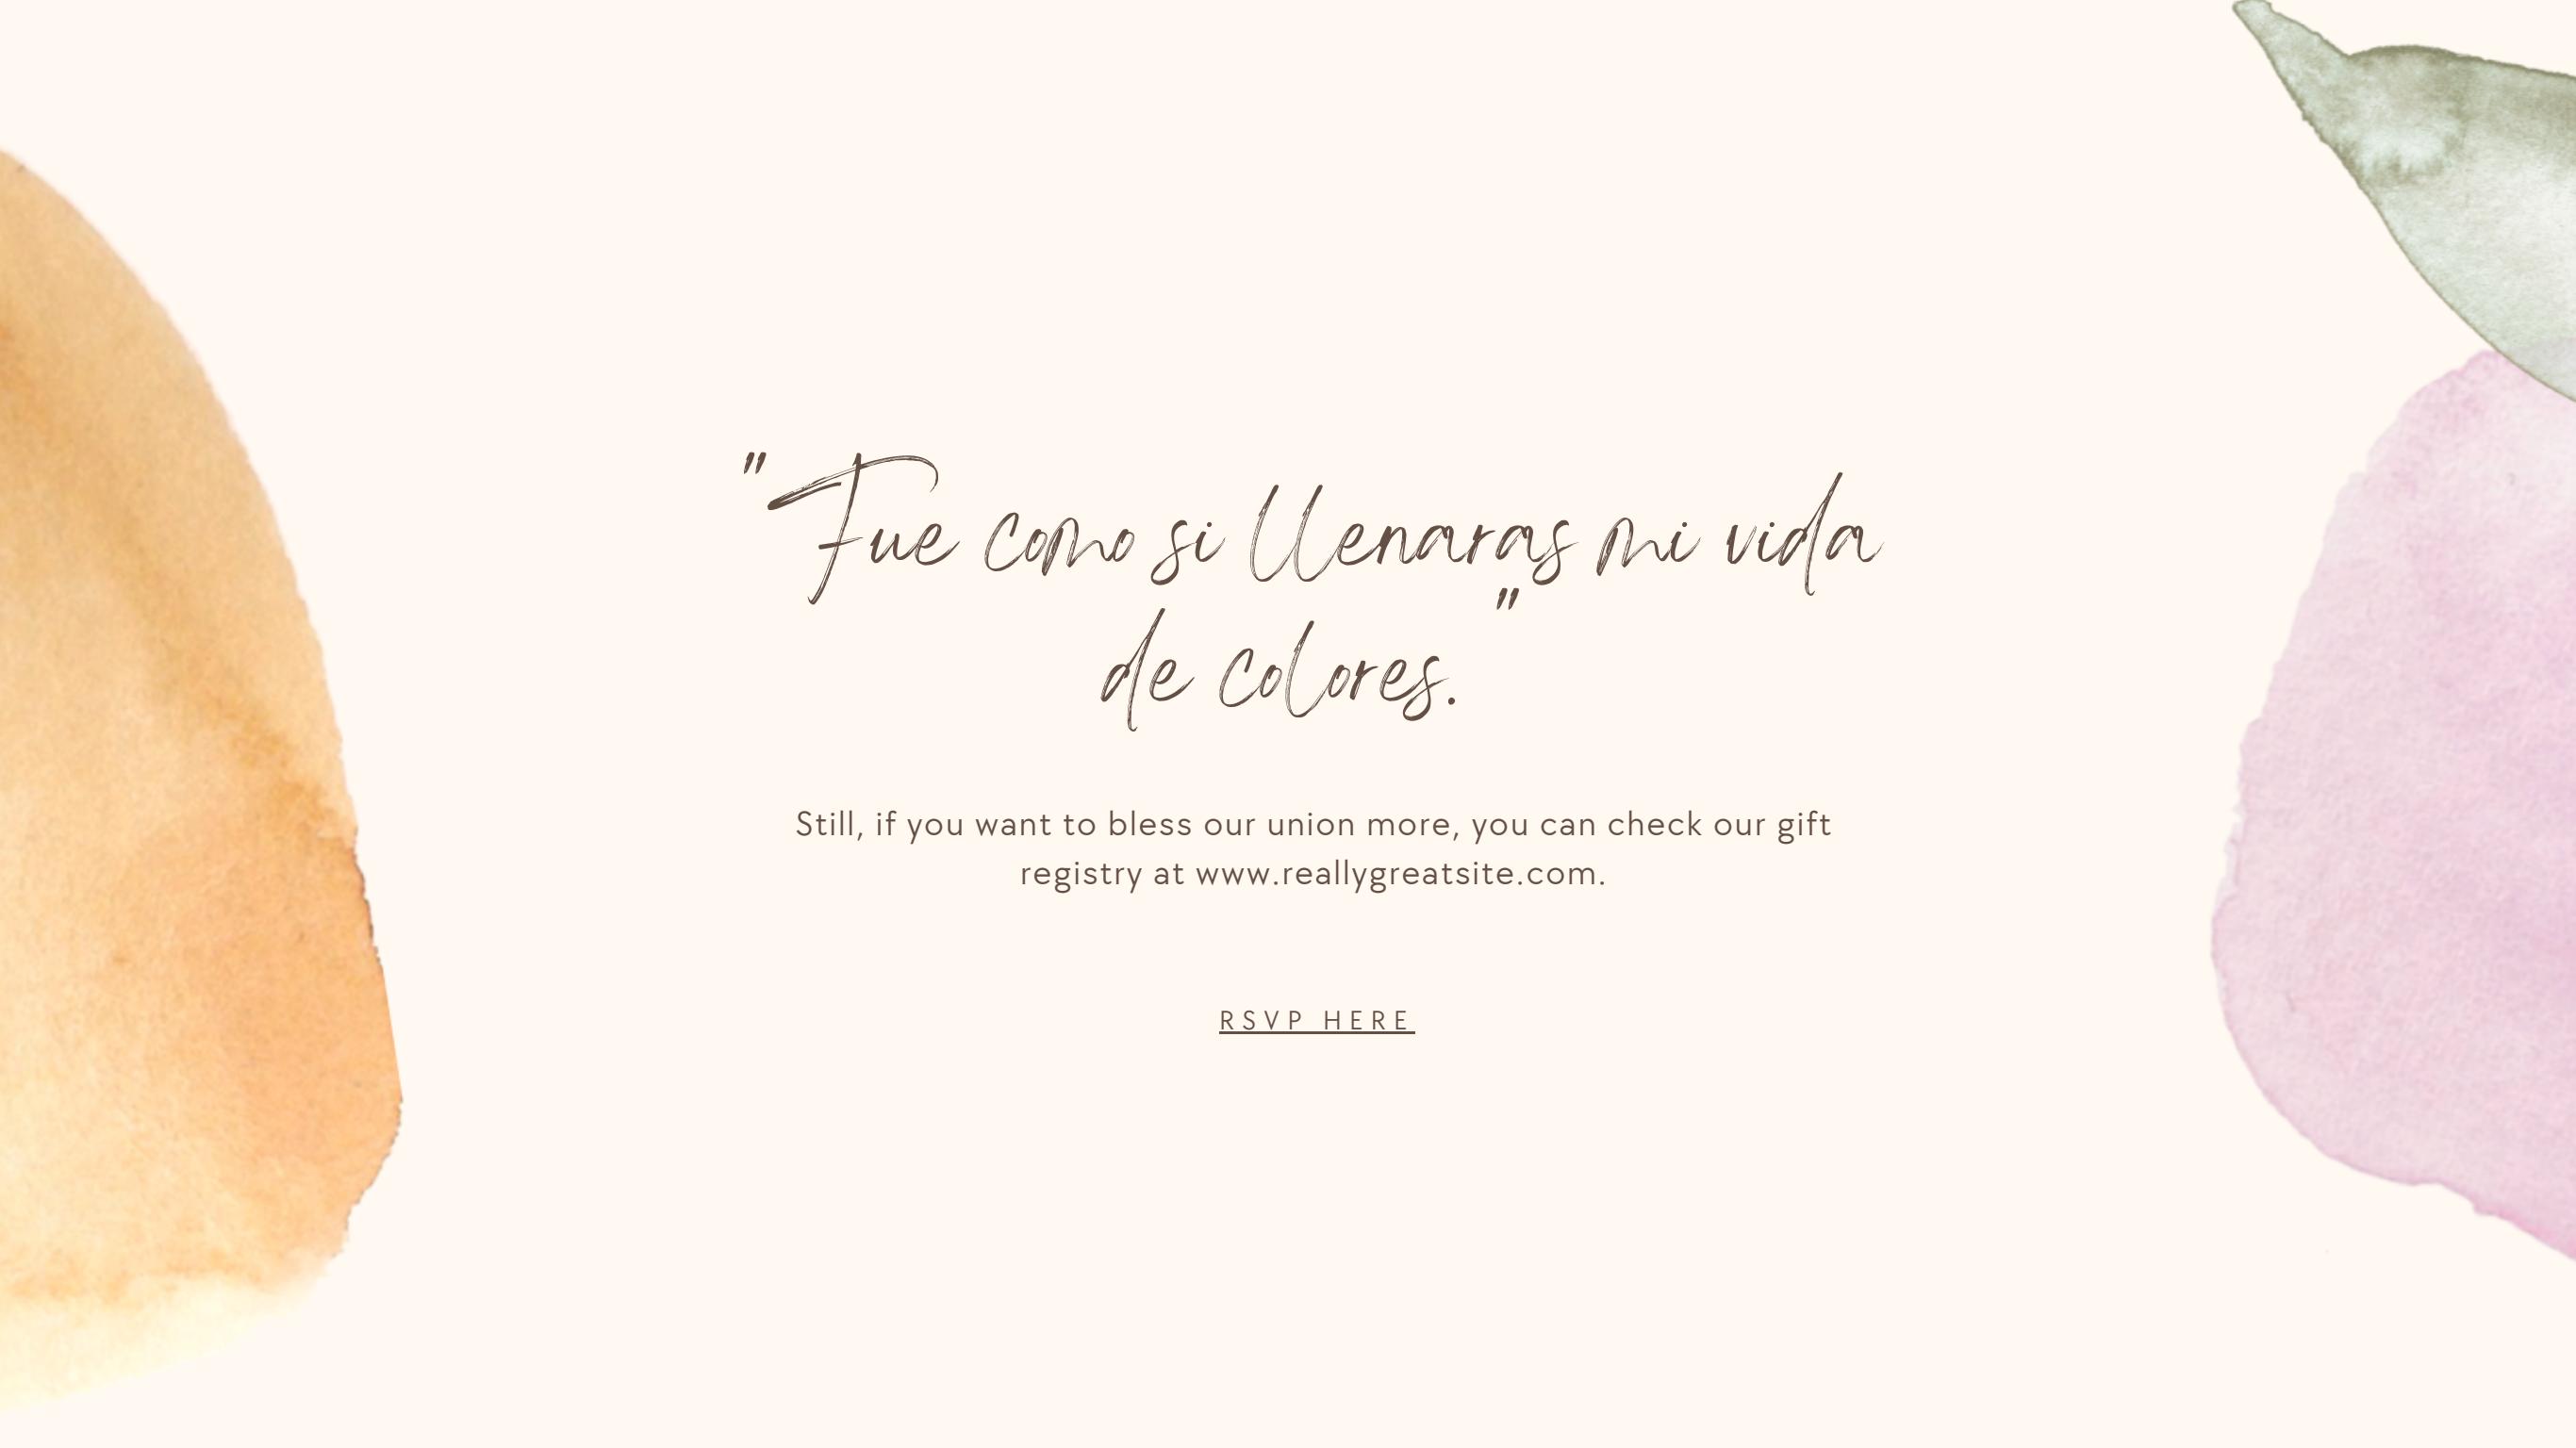

Our suggestion is to complete these carry-on items first: passport and visa, phone and charger, extra cash, and your personal medicine. Don't forget to pack your best summer casual clothes!

How should I look for lodging?

No worries there, we have you covered! We have a hotel block for our guests covering the evening of 18th until the morning of 20th. Note: The venue and hotel are both wheelchair accessible.

Will meals be served?

Yes! We will serve meals during the rehearsal dinner on the 18th, the wedding proper and reception on the 19th, and a brunch on the 20th. Let us know about any dietary restrictions in advance.
